CALL FOR HELMS RESIGNATION

CPYRGHT

MURPHY MARTIN: "Senator Wayne Morse says Central Intelligence Agency Director Richard Helms should resign. Morse says Helms had no business writing a letter to the St. Louis Globe Democrat. The letter praised an editorial attacking Senator J. William Fulbright. But Senator Mike Mansfield disagrees with Morse. Mansfield says Helms admitted the letter was a mistake and Mansfield said, 'If Senators had to resign after they make mistakes, there wouldn't be anyone in the Senate.'"
